SUMMARY

IJSE Software Engineering undergraduate with solid programming skills and hands-on experience through project-based learning. Skilled in developing software solutions using modern frameworks and technologies. Passionate about problem-solving, clean code, and continuous learning while contributing creativity and teamwork to real-world projects. Possess 1 year of work experience at Wealth Coop Bank, gaining practical exposure to real-world business operations and teamwork in a professional environment.

WORK EXPERIENCE

Bank Assistant, Wealth Coop Bank

2022 - 2023

- Assisted in daily banking operations and customer service.
 - Supported documentation, transaction handling, and client inquiries.
 - Gained hands-on experience in financial systems and teamwork.
 - Enhanced communication and problem-solving skills in a professional environment.
-

PROJECT EXPERIENCE

Academic portal System (Full-Stack)

Sep 2025

Spring Boot, MySQL, Hibernate, JavaScript, HTML, CSS, BCrypt, JWT, Java

- Implemented secure authentication using JWT and password hashing with Bcrypt.
- Enabled online paper submissions with automated MCQ grading.
- Integrated Email notifications (group & individual) using Nodemailer.
- Designed responsive user interfaces using HTML and CSS.
- Allowed viewing and downloading of submitted and additional papers.

Online Store Website (Full-Stack)

May 2025

Bootstrap, JSP

- Developed a dynamic online store platform with user-friendly navigation and responsive design using Bootstrap.
- Designed JSP-based pages to handle server-side rendering and manage user interactions.

Tic Tac Toe – JavaFX Edition

oct 2024

Java, JavaFX, FXML

- Developed an interactive two-player Tic Tac Toe game with responsive UI using JavaFX and FXML.
- Implemented efficient win/tie detection logic and smooth turn-based gameplay.
- Applied MVC architecture for clean code separation and maintainability.

JavaFX, MySQL, Jasper Reports, IntelliJ IDEA

- Developed an automated inventory system with POS integration, supplier & order management, and dashboards for real-time analytics.
- Improved stock accuracy, reduced manual errors, and enhanced operational efficiency.

Personal Portfolio Website (Frontend Development)

May 2025

HTML, CSS

- Developed a responsive personal portfolio website using HTML and CSS
- Showcased projects, skills, and personal details with a clean, modern UI

EDUCATION

BSc (Hons) Computer Science – Software Engineering

2024 - present

Institute of Software Engineering (IJSE)

- Specialization: Software Engineering & Development

G.C.E. Advanced Level

2019 - 2021

Kalutara Gnanodaya Maha Vidyalaya – ART Stream

Information and Communication Technology (Level 1 to Level 4)

2016 - 2018

Weerawardhana computer center

SKILLS

Technical Skills:

- **Programming Languages:** Java, Python, JavaScript, TypeScript, HTML, CSS
- **Frameworks & Libraries:** React, Spring Boot, Node.js
- **Databases:** MongoDB, MySQL
- **Tools & Environments:** IntelliJ IDEA, VS Code, Postman, Figma, Git

Soft Skills:

- Leadership & Teamwork
- Project Management & Time Management
- Problem Solving & Critical Thinking
- Collaboration & Communication
- Presentation Skills
